

Revelo Economic Impact SaaS for Economic Development & Entrepreneurship

A modern, credible, and forward-looking solution designed specifically for university research park directors, innovation district leaders, and economic development professionals who need to measure and communicate regional impact with confidence and precision.

Core Features & Value Proposition

Credible & Rigorous

Leverages federal data standards, AI-enabled automation, and expert economic oversight to provide defensible insights that withstand scrutiny.

Responsive & Insightful

Transforms raw data into compelling impact stories, enabling leaders to quantify growth, visualize outcomes, and communicate effectively with stakeholders.

Affordable & Scalable

Replaces expensive, time-consuming consultant studies with a cost-effective, subscription-based SaaS model that puts professional-grade analysis in your hands.

Target Users

Revelo is built for the unique needs of economic development ecosystems, serving:

- University Research Park Directors/Managers
- Innovation District Leaders
- Economic Development Professionals
- Community Planners & Policy Makers

Key Performance Indicators (KPIs)

Track and communicate the metrics that matter most:

- Jobs Created/Retained
- GDP Contribution (Regional Economic Output)
- New Business Formations
- Investment Attraction (Capital Inflow)
- Workforce Development Impact
- Innovation Ecosystem Growth
